

Key Fob

The Key Fob provides you with a quick way to arm and disarm your ShieldPro Home Security system and contact help the monitoring station in emergencies.

Set Up your Key Fob

STEP 1

Remove all tabs from the key fob.

STEP 2

Pair with the panel.

Settings (☰) > Devices > + > Keyfob >
Follow the prompts to pair the device.

STEP 3

Select which service the SOS button contacts when pressed.

Active Subscription Plans: *Notifies the monitoring station*

Siren Only or No Subscription Plan: *Sounds the siren only*

Commands

The key fob has 4 buttons and a blue LED Light. The blue LED light confirms the command was sent.

ARMING BUTTONS

Hold each arming button for 2 seconds to send its respective command to the panel.

Away: *Activates Away (Leaving) mode.*

Stay: *Activates Stay (Staying) mode.*

Disarm: *Disarms the system.*

SOS BUTTON

Press twice in quick succession within 2 seconds. Activates the panic alarm and contacts the monitoring station.

Blue LED Light confirms the command was sent.
